What a great Christmas Idea from Craft Depot, Pennant Hills. (Digitised by Danise Challis.) Instructions feature in Machine Embroidery and Textile Art vol. 15. 2008

What a great Christmas Idea from Craft Depot, Pennant Hills. (Digitised by Danise Challis.) Instructions feature in Machine Embroidery and Textile Art vol. 15. 2008

The Singer Futura Embroidery Machine and Software was used to make this project. Autopunch Software with the bonus Drawing Package and the NEW Editing Software made digitising the Poinsettia easy!

Scan a drawn outline into the Drawing Package, fill the areas with colour and enhance them. Open the design in the Autopunch Software – digitising can then be as easy as a two-click operation or you can make choices as the programme offers them. Now set your Christmas table with style!
